PRESS RELEASE

Cyclopsz Business Training

Since the pandemic Cyclopsz Business Training has been proud to deliver accredited online training.

This has enabled us to help our clients through their personal and professional business training journeys.

From 31st December 2023, due to governing body and legislation changes we will no longer be supplying our current online training catalogue.

Whilst we know this will be disappointing for many of our clients, we look forward to our exciting new offerings to come.
